CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, THURSDAY, JUNE 26, 1919

TWO CENTS

COMPENSATION MEASURE WILL GIVE TEACHERS HIGHER SALARIES

Bill To Pass At Harrisburg
Some Time
Today

SCALE OF WAGES IS FIXED

The conference committee at Harrisburg on the Woodruff teachers' salary increase bill has agreed upon its report and it is expected that the measure will be passed finally today. Governor Sprout assisted in smoothing out the rough places in the bill, and it will receive his approval once it comes before him. The new measure will require \$8,400,000 for the next two years to pay the increase of \$5 toward the increase granted to teachers holding provisional certificates in second, third and fourth class districts. This removes the objection which was made in some of the districts of the state.

The conference changed the definition of "rural" school in the bill. The original bill defined it as a school in the open country or any one or two room school which is not a high school. Under the terms of the new bill a "rural" school is defined as a school in the country or small population center which is not a high school. This broadens the field and requires more money to carry out the provisions of the measure.

Under this measure holders of provisional certificates will receive not less than \$60 per month; professional and state normal certificates \$70; state normal diplomas, county and state permanent and college provisional certificates \$80.

WALSH LAD DIES FROM HIS INJURIES

Richard, three-year-old son of Mr. and Mrs. William Walsh of West Elizabeth, who on Sunday afternoon lost his hand as the result of riding the automobile in which he was riding being hit by a train at Finleyville, and who was taken to the Memorial hospital at Monongahela, for treatment, died of his injuries. The accident which resulted in the death of the child was very distressing. The Walsh lad saw his hat blown under the train and in crawling unnoticed under the train to get it, his hand was cut off by the car wheels.

J. B. Tussing, local agent of the Pennsylvania Railroad, attended the meeting of agents held at Monongahela last evening. Dinner was served at the Monongahela House.

FLYING MACHINE WILL EXHIBIT AT WAYNESBURG

One of the features of the Waynesburg demonstration on the Fourth of July will be an army flying machine, which was secured for that day by Congressman Crago. Waynesburg is making extensive preparations to honor their returned soldiers on that day and it is expected the reception will be one of the greatest events ever held in the Greene county capital.

DEATH SUMMONS A WELL KNOWN RIVERMAN

Capt. James G. Beazell, one of the best known rivermen in the Pittsburgh district, died Tuesday, June 24, at 10:05 p. m., at the home of his sister, Mrs. D. F. Kennedy, Eleventh avenue, Munhall, after an illness covering a period of several months. He was born in Pittsburgh, but for several years during his young manhood was a resident of Carroll township, his home being the brick house that still stands north of that borough and recently acquired by the American Steel and Wire company. While in active service Capt. Beazell devoted most of his time to the lower rivers, running principally between Louisville, St. Louis and New Orleans. He commanded some of the largest towboats in the service, among them the Oakland; the Joseph B. Williams and the Sprague, the largest towboat ever constructed for service on western waters. Capt. Beazell was the first commander of the Sprague and had charge of the boat for several seasons. He was a member of the First Presbyterian church of Homestead, a thirty-second degree Mason and a member of the American Association of Masters and Pilots. He is survived by four sisters, Mrs. B. W. Castner of Donora, Mrs. W. L. Bird of Washington, D. C., Mrs. D. F. Kennedy of Munhall and Miss Katherine Beazell, and one brother, W. H. Beazell. Funeral services will be held this evening in the Samson chapel, Pittsburgh and interment will take place Friday morning at Fell's church, back of Webster.

INJURED BY AN EXPLODING TIRE

Harry Niceling, driver of Gelder's grocery truck, was injured about 11:30 this morning at the Van Voorhis & Kinder garage while inflating a tire. The inner tube, exploded, blowing off the rim, and at the same time injuring the driver about the nose and eyes. The injuries will lay Niceling off for a couple of days.

Attendance Grows at the Chautauqua Entertainments

The Warwick male quartet together with Prof. John Howard Dickason, for twenty years connected with Wooster College, Wooster, O., furnished the entertainment for the second day of the Lincoln Chautauqua and they came up to all the fine things that had been said about them.

The quartet gave pleasing concerts both afternoon and evening, while Prof. Dickason, who is referred to as the "man with a smile and a message," gave two splendid addresses.

In the afternoon he took for his subject, "Sixty Minutes in a Flying Machine," but the address had nothing to do with a flying machine in any manner whatever. The text simply served as a peg on which to hang the remarks of the speaker, for in a figurative sense he took them with him to a great agricultural show in which he pointed out two men and their efforts in raising corn, one 70 bushels of shelled corn to the acre, the other 35; conditions similar, but whose methods were as far apart as the poles.

His talk was a plea to the rising generation to secure a good education. Through the grades, into high school and if possible to college, university or technical school. His points were clearly put and his illustrations, while at times homely were nevertheless direct and forcible and served to bring the message he had in mind home to his hearers with telling force. All the way through it was a delightful talk, sprinkled with a little humor, but which served to direct particular attention to some special point.

The attendance was much larger than Tuesday afternoon, for the use of the tent brings with it that special Chautauqua flavor which appeals so strongly to those who delight in attending entertainments of this kind.

Today the Smith-Spring-Holmes quintette will be the attraction, with Prof. Walter Kirkland Greene as the speaker of Athens, Alabama, as the speaker this afternoon. This evening the entire program will be given by the quintette, one of the real strong numbers of the Chautauqua season, and one which every music lover in the city should hear. On Friday the special attraction will be the Louis Kreidler Company in grand opera. Friday afternoon Miss Maryalise Rose, pianist, and Martha E. Abt on "Reconstruction and Social Service" will be the attractions.

PREDICT A SERIOUS SHORTAGE OF LABOR FINE ATTRACTION AT CHAUTAUQUA

A shortage of labor is predicted by many men who are in touch with industrial conditions and who say that even now it is difficult to get the required number of men necessary to carry on certain operations. It is pointed out that a couple of months ago labor was quite plentiful, but owing to so much road building now under way, it is rather difficult to meet with idle men. A manager of a brick making company in this section of the valley, who visited points on the Allegheny river on Wednesday, said he could find no surplus labor and that conditions in this respect were likely to grow even worse than they now are. With hundreds of miles of new roads to be constructed this summer, contracts for many of which are now under way, there is plenty of opportunity for labor to secure lucrative employment. Another condition which adds to the scarcity of labor is the fact that many men have returned to their former homes in southern Europe, where many of them will remain.

Miss Alene Williams, daughter of Mr. and Mrs. J. E. Williams of Charleroi and Samuel Bell, son of Mr. and Mrs. John M. Bell of Monessen, were married at the Fort Pitt Hotel, Pittsburgh on Monday.

A number of members of Charleroi Council, Knights of Columbus, will go to Midland on Sunday to be present at the institution of a new Council, which will be held there that day. The installation exercises will be in charge of J. B. McDonough, State Deputy, the first and second degree being conferred in the morning and the third degree in the afternoon. Father Maher, formerly of Roscoe is in charge of the parish at that place.

JUDGE GARY OF STEEL CORPORATION VISITS MINES ON MONONGAHELA

FALL OF SLATE IS FATAL TO MINER

Henry Weitzel of Roscoe, employed by the Pittsburgh Coal company, was so badly injured Wednesday morning by a fall of slate in the Eclipse mine at Woods Run, that he died while being taken to Mercy Hospital at Pittsburgh. Weitzel was aged 52 years and is survived by his widow and nine children, eight of whom are married.

TUESDAY NEXT IS BUTTERMILK DAY

The United States Department of Agriculture things that buttermilk is one of the best drinks in the world—nutritious, palatable and full of zest and vim. The man who drinks buttermilk regularly and copiously is doing a good turn for himself. That is one of the purposes of proclaiming National buttermilk day. The other is that the dairy industry of the United States will be encouraged.

Buttermilk day, it is hoped, will remind many people of this drink, introduce it to others, and be the beginning of a greater consumption of buttermilk that will contribute to the happiness and health of the consumers and at the same time help dairy farmers to develop production.

These are the reasons why Tuesday, July 1, has been named as Buttermilk Day.

LOCAL BOYS ARE HOME FROM DIX

Sergeant John Ellis Dolan, Corporal James Reardon, Corporal John Wolf and Private Wass Yaros, all members of Company I, Fifty-sixth Pioneer Infantry, arrived home at noon today from Camp Dix, where they had been discharged from the service. All of these men went over on the 4th of last September and on the 26th of September were in the Argonne forest, as part of the American army which was facing the Germans at that time. They were in or near the front line until the close of the war, and on the 16th of November started on the "hike" to Germany. They were a part of the Army of Occupation and were located near Coblenz.

Inspects Workings at Ronco And New Ovens At Clairton

MORE TONNAGE WILL BE NEEDED

Judge Elbert H. Gary, chairman of the Board of Directors of the United States Steel Corporation, accompanied by a number of officials of the company, went aboard the steamer W. H. Clingerman at Ronco in the sixth pool on Wednesday and inspected the property of the company, including the coal roads and the new Clairton plant. It is intimated that the visit of Judge Gary, who is very active in the affairs of the Steel Corporation, anticipates some great improvements and changes to be made in the coal producing plants of the company, which are now going to the limit in order to keep up the supply of raw material for the Clairton by-product plant. When the additional steamers are added to the Carnegie line, which will be within a very few weeks, it will be necessary to find additional tonnage in order to keep them in operation. The mines in the upper pools will be pushed to the limit, while other workings will have to be so changed as to deliver their product to the river. It has been intimated that one of the places to be utilized for this purpose is the Alice mine, opposite Roscoe and for many years operated by the Pittsburgh Coal company. It may be necessary to tap other fields to get the necessary production.

Judge Gary and party passed down the river on the Clingerman on the way to Clairton.

SATURDAY TAG DAY FOR ST. RITA'S HOME

Through the kindness of Burgess Woodward the annual tag day for the benefit of St. Rita's L. C. B. A. home for babies will be held in Charleroi, Saturday, under the direction of Branch 782. This tag sale will be held in every portion of the Pittsburgh diocese on the same day.

This institution is located on Tannehill street, Pittsburgh and visitors are always welcome. While it is under the care of the Sisters of Divine Providence no baby under two years of age, bereft of one or both parents, is refused admission on account of creed. Three hundred babies were turned over to this institution during the "flu" epidemic. Nothing should appeal more strongly for sympathy than a little innocent babe cast adrift on the world.

THE PASSING OF JOHN

Numerous advertisements in city papers of bargain prices in liquors and wines is an indication that only a few remaining shopping days are left for those who would fortify themselves against the long drought which may be ushered in with the thirty first of July. Liquor dealers anticipate that wartime prohibition will become effective at that time, and are taking measures to reduce their stock to the lowest possible limit rather than have a large amount on hand when the regulation becomes effective. No doubt sales will be stimulated, and "private stocks" will be largely augmented by this procedure. Moreover the decision of the House at Washington to eliminate the right of search of private premises for liquors will stimulate those who desire to lay in a little private stock to invest in some of the ardent before the last day.

However, men who are able to own a private stock are not apt to be too liberal in its disposition. If they are accustomed to taking a "nip" they will see to it that their holdings will be so conserved as to cover a long period of time, for when the prohibition amendment becomes effective next January it will be practically impossible to obtain liquors at all. This is the phase of the situation that will make the owners of private stocks temperate in the use of what they have on hand, for they will realize that once their supply is exhausted it will then be a perpetual sahara for them. Resultant conditions from the closing of licensed bars will be watched with interest next week, as it will give the people an opportunity to demonstrate just what nation-wide prohibition will do for unless President Wilson shall issue the word we will have a saloonless nation next Tuesday morning. The ban may be lifted later, but it is apparent we are to have a trial of prohibition before the real dry spell comes upon us.

ADVANCING COST

The announcement of the receivers of the Pittsburgh Railways company that beginning with August first, provided the Public Service Commission gives its assent, the fares on all zones which have heretofore been seven cents will be advanced to 10 cent cash fares or 7 1-2 cents in tickets, effective on the first day of August, will add considerably to the amount of money the people must pay for their transportation.

It likewise serves to call attention to the fact that advancing prices have not yet reached their ultimate goal, for if the railways company cannot pay its way under present conditions, it must naturally increase the price of the commodity it has to sell or go out of business. Increased prices for all material as well as service which enters into the management and up-keep of a traction company has been the rule for the past couple of years, until at the present time a number of companies, including the Pittsburgh have not sufficient revenue to set aside any for the real owners of the property—the stockholders, while the bondholders are likewise going without a proper return for their investment.

The announcement of the receivers means that henceforth there will have to be an increased charge for all fares, and that it is not likely they will ever again be reduced. Higher wages and higher prices for materials means that the public will have to pay more money for the accommodations they receive. It is all along the line, in everything that enters in our every day life, and only tends to emphasize the fact that we have really entered upon a new era, in which advanced prices will be a factor.

MEXICAN SORENESS

Mexico is sore because American troops went across the Rio Grande, river and drove off a lot of revolutionary bandits who were spattering deadly bullets into El Paso. That is to say, the Mexican government is sore. And that, in turn, is to say that President Carranza is sore. The United States can stand it,

because that is the habitual state of mind of Carranza and those associated with him in his so-called government. The United States can stand it even if it represents the sentiment of the Mexican people in general. Those ignorant masses have been taught to hate and fear the Yankees. A long course of unprecedented tolerance and humility on the part of the United States does not seem to have lessened their hatred much, nor improved their understanding. Such being the case, it is probably well to instill into them a wholesome fear of our military power and effectiveness.

Prompt action in every crisis, and stern punishment for every offense committed against American life, right or property, will tend to make the border safe from raids and restore peace within Mexico. It will give Mexicans, public officials and peons alike, more respect for the Gringos. And then, in time, they may come to understand the honesty and friendship of the United States and behave to themselves decently.

SKIRTS

"Skirts will be much longer," said Lady Duff Gordon, fashion authority as she sailed away for gray Paree to study the latest atrocities.

Fashion designers took advantage of woman's credulity and patriotism during the war, according to Lady Duff Gordon, and made her believe that the short skirt was a necessity for the war-worker and an economy since it required less goods; but peace and plenty will re-create the demand for longer draperies.

Since her ladyship, commonly known as Lucille, is an authority, only a brave soul would question her wisdom. But most Americans, male and female, will hope that she is wrong.

It is true that there have been skirts so short; but the smart, snappy skirt, clearing the floor by a generous margin, is a delight to the eye and a safeguard to the health.

Of course, the short skirts make it a little hard for Father to tell whether it is Ma or Daughter ahead of him on the street. But who cares? Somebody told Ma so once, and she perked up, and began to walk like a girl and feel like a girl, and before long to look so much like a girl that now the difference is little more noticeable from front than rear.

Perhaps Sister's skirt does need to be lengthened a little, just enough so that she is entirely within the bounds of modesty and acquires a bit of Ma's dignity. But short skirts mean freedom and a swinging stride and women who are good out-of-door companions.

Yes, we hope Lady D. G. is wrong.

WOMAN SUFFRAGE

It may be possible that the women of Pennsylvania will vote for president in 1920. The Pennsylvania General Assembly has ratified the woman suffrage amendment, thus placing the Keystone State in line as the seventh commonwealth to take such action.

However, it will require the vote of 29 additional States to make the amendment effective, and little doubt is expressed as to securing them. If the necessary number of States ratify in time it will mean that millions of women, if they so desire, may take part in the coming presidential election, which will add intense interest to the campaign. Women will be a new and potent factor, and it will be within her power to turn the scales in favor of the winning candidate.

A question that will naturally come to the front will be the political division of this new voting element. In States where suffrage has been effective for many years the women seem to divide along lines just about the same as the men, but universal suffrage may make a change in this phase of the situation. Moreover, women are to have their opportunity and if they do not take advantage of it the country will have gained nothing from the change which is so near accomplishment.

WEST VIRGINIA GUARDING STATE BOUNDARY LINE

Residents of West Virginia who desire to stock up on liquor will have their troubles in getting their supply replenished between now and next Tuesday morning. As Ohio is disinterested in the mountain state must look so Pennsylvania to provide the necessary spirits. As a result of this condition the state prohibition officers of West Virginia have increased their forces along the boundary line between Pennsylvania and West Virginia and all those going into the latter state will have to be more than careful if they wish to carry any liquor with them. Already a number of arrests have been made by the officers.

AT GRADUATION TIME

With school days ended graduates are asking themselves "What of the future?" Practical plans for them NOW mingle in their thoughts with visions seen beyond. These visions need not be unattainable dreams. The "will to win" makes dreams come true. Enthusiasm and determination are the great spurs to success. Young man, young woman, all who are starting out in life today, direct your enthusiasm wisely, make your determination sincere! This institution encourages and cooperates with young people. We advise all to get the save-and-bank habit early and stick to it through life. It pays!

BANK OF CHARLEROI

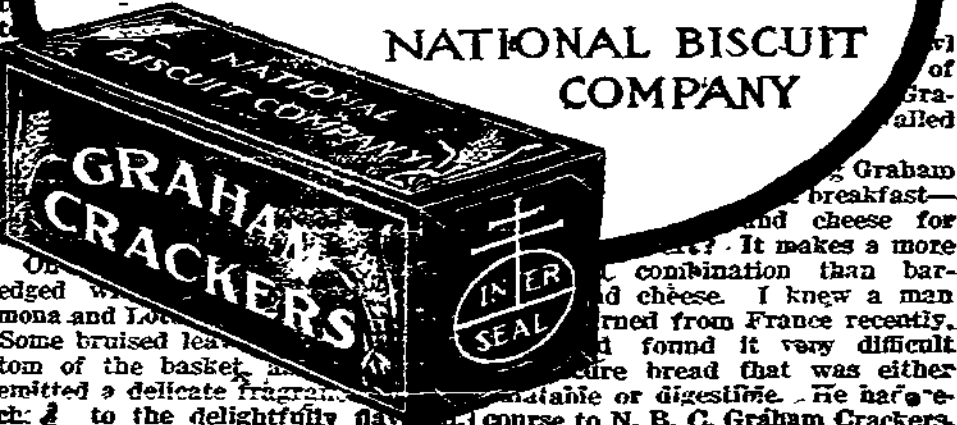

Charleroi, Pennsylvania

The reliance that womenkind has learned to put in crackers is being well illustrated at the tea being given for returning soldiers and sailors.

Every woman in the has in her pantry a generous supply of the National Biscuit Company's always useful and universally accepted.

Nettie, a comely young woman yeoman of the Navy, still in uniform, found herself unexpectedly entertaining a company at the uptown home of the old man, including several of the old man's friends.

If your appetite needs encouragement, there is nothing quite so certain to entice it as N. B. C. Graham Crackers. Golden brown, cookie-like crackers, with a flavor that is simply delicious.

On the edge of the box, it says: "Some of the best Graham Crackers ever made." It is a combination of the best of the old and the new. It is a combination of the best of the old and the new. It is a combination of the best of the old and the new.

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "zip" as you did when in the springtime of youth. Keep your body in good condition, that's the secret. Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly uric acid accumulations from your system. Take GOLD MEDAL Haslem Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haslem Oil Capsules are imported direct from the laboratories at Haarlem, Holland. They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and healthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

MONESSEN PREPARES FOR A BIG FOURTH

S. S. Townsend, general chairman of Monessen's big "Welcome Home" for the soldiers who went out from Monessen and the Eighth district, has all his committees busily at work for what, without doubt, will be the biggest affair of its kind ever held in the upper Monongahela valley. The public subscriptions to defray expenses will total over \$7,000, and beside this amount at the disposal of the committees, the business houses are planning to spend money lavishly in honor of the boys who sent the Dutchmen flying back to the Rhine.

James Patton, who is chairman of the lunch committee, is planning to spend approximately \$1,000 in eatables, which will be dispensed to soldiers and sailors immediately after the orators of the day have concluded their addresses. Two splendid speakers have been secured in the persons of Congressman-at-Large Thomas S. Crago, of Waynesburg, and Ex-Congressman Woods N. Carr, of Uniontown. Mr. Carr is a great favorite at Monessen, where he made high class speeches during the Liberty Loan campaigns.

District No. 8 comprises Monessen, North Belle Vernon and Rostraver township, and soldiers and sailors from all those communities are invited and will be made most welcome to the festivities.

An arrangement has been made to park automobiles on the grounds of the Carnegie Steel company, adjacent to the baseball grounds. This will enable the authorities to clear the streets for the parade without inconveniencing visitors who come by auto.

Eight bands will be in the big parade, and a triumphal arch eclipsing in size and beauty anything of the kind heretofore attempted in the vicinity, will be erected at Donner avenue and Sixth street.

In the way of athletics, the chief feature will be a baseball game between the Oakland Rebels, one of the best amateur teams in Pittsburgh and an All Star Nine from Monessen captained by Tom Underwood.

Mr. Paul Hoffman has been appointed as chairman of the Rostraver Township Committee and Andy Ebenhock chairman of the North Belle Vernon committee.

Captain W. D. Hunter, recently returned from France has been appointed Chairman of the soldiers' committee. This committee has members in all parts of District No. 8, and to them has been entrusted the organizing of soldiers for the parade. This will insure military discipline and give the home folks a chance to see what other boys look like in fighting togs, and marching under direction of skilled officers.

Negotiations are under way to secure an airplane and a number of the other features in the way of entertainment for the boys will be provided, including a \$2,500 display of fireworks.

DELINQUENT INCOME TAX MUST BE PAID

Roy W. Stevenson of the Internal Revenue Department, was in Charleroi this morning on a business mission connected with his duties. Mr. Stevenson has been assigned the task of checking over the pay rolls of industrial establishments and ascertaining if there are any who are subject to the income tax and who have not yet settled with the government. At some of the coal mines down the river Mr. Stevenson came across quite a number of miners who had earned sufficient amount of money last year to make them eligible to the select circle, but who through ignorance or neglect had not yet settled. They will be expected to come across on pay day. In one place Mr. Stevenson found an Austrian alien occupying the responsible position of weigh boss who had not paid his tax, and who was rather wrothy when told he must settle. He was given until Saturday to pay his account.

JUNE WILL AVERAGE AS HOTTEST IN YEARS

June, 1919, will have the highest average temperature that has been recorded for that month in a number of years. Almost constantly from the first of the month the mercury has been climbing into the 90 column, going as high as 98 and frequently reaching 95.

A few hot days were experienced in June last year, but they were not so numerous. For this year, however, cool days are an exception as hot days were in 1918. nights it remained around 70, The minimum temperature seldom which is considered plenty warm.

Thousands Exterminated Tape-Worms With Head

Thousands are suffering from tape-worm, but are treated for some other disease without getting any result.

A SURE SIGN of the presence of these parasites is Passage of round, longitudinal or pumpkin-seedlike particles or other worms.

Suggestive signs are: Pale, bloated appearance, dark rings under the eyes, constipation, colic, nervousness, general weakness, loss of appetite, with occasional giddiness. Indigestion after taking certain food, as Herring, Omelette, Vinegar, etc., even spells of fainting with an empty stomach, appearing indolence, missing of obstruction in the throat, sour stomach, heartburn, pain stomach, head-ache, humming in ears, with internal feeling of moving mass in the body, cutting pains to intestines, rumbling and wave-like movements, palpitation of the heart, exhaustion, heaviness in limbs, sediment in urine, etc.

In addition thereto, may occur sympathetic disturbances which sometimes assume a grave character, hemorrhages, menstrual irregularities, hysterical fits, choreic convulsions and even epileptic attacks.

MY METHOD EXPELLS THE TAPE-WORM

Within one to four hours, without danger, pain, loss of sleep, no fasting, no detention from home or work.

HOOOSIER

the Kitchen Cabinet that saves miles of steps

End Summer Discomforts Enjoy More Recreation

SCIENCE leaves no excuse for discomfort in kitchen work. It has brought a square deal for housewives—a method of substituting the luxury of recreation for the penalties of hard labor. That method is, the Hoosier method. For the Hoosier permits every woman to be devoted to her duties, without deprivation. Forty labor-saving conveniences are contained in the Hoosier. Thus needful tasks are done in quick time and you are free to enjoy well-earned hours where it's cool and pleasant.

\$1 Takes You Out of the Hot, Stuffy Kitchen

Our Hoosier Club offers you several leisure hours each week—time that you now spend in surroundings that are hot and disagreeable and in work that saps your vitality. This club is easy to join and its benefits numerous. Pay ONE DOLLAR. A Hoosier Kitchen Cabinet will then be placed in your home. Small amounts each week will soon pay the balance.

Visit our Hoosier Department at once and select the model you like best. Then join the club. You'll find life more enjoyable and home tasks easier. But don't put off this important decision. Come now.
